

Consent Form: EFF Privacy Badger Usability

This project aims to gather information about the usability of the EFF's Privacy Badger browser extension. I will be conducting a think aloud in which you will complete a set of tasks involving the Privacy Badger browser extension. You will also be given a questionnaire to fill out before and after participating in the think aloud. The purpose of the study is to understand how users might actively engage with privacy controls online.

If you allow it, I will be audio recording the think aloud. If you feel uncomfortable about this at any time you may stop the recording or tell me that the next bit should not be quoted.

The project is supervised by Dr Kami Vaniea (kvaniea@inf.ed.ac.uk) and conducted by me, Keanu Kerr (s1890615@ed.ac.uk).

Please sign below to indicate that you have read and you understand the information on this form and that any questions you might have about the session have been answered.

☐ I understand that I am participating in a study as part of the "EFF Privacy Badger Usability" project.

☐ I am willing for the audio to be digitally recorded and transcribed for the use as part of the research project

☐ The researcher may use audio/literal quotes from the session/questionnaire in publications provided that the quote is anonymized and cannot be connected back to me.
